

THE AMERICAN LEGION AUXILIARY

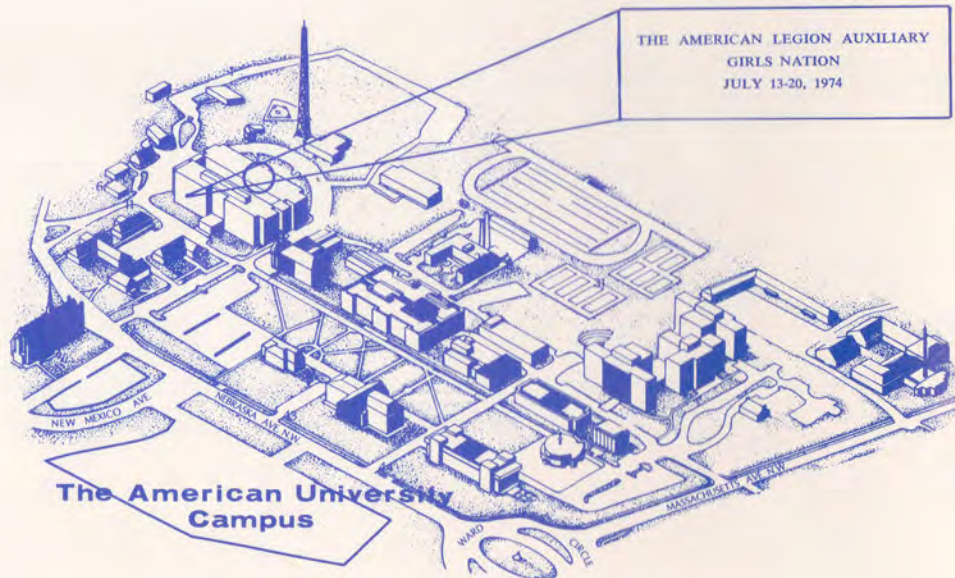

28th GIRLS NATION

AMERICAN UNIVERSITY—WASHINGTON, D.C.
JULY 13-20, 1974

JEFFERSON MEMORIAL—West of 14th St., S.W., near the 14th Street Bridge, between the Tidal Basin and the Potomac River—On the south bank of the Tidal Basin stands the Thomas Jefferson Memorial, its chaste columns and simple lines reflecting the taste of the man himself. Within is an heroic bronze statue, and on the walls are portions of writings of this singular and manysided President, genius of our democratic faith. Shown with the world famous Japanese Cherry Blossoms in bloom.

THE AMERICAN UNIVERSITY, site of The American Legion's Auxiliary 28th annual Girls Nation, was chartered by an Act of Congress of the United States on February 24, 1893. The 75-acre tract is on the site of old Fort Gaines, a historic Civil War military installation. The University was officially dedicated on May 27, 1914, at ceremonies in which President Woodrow Wilson and a distinguished group of statesmen, educators and churchmen participated.

GIRLS NATION ACCEPTANCE SPEECH

JEANE HANLEY, Louisville, Kentucky

Since we arrived Saturday, we have been Senators from the Federalist Party and Senators from the Nationalist Party. However, when the elections were over and it was time to assume the role of Senator from your respective state to Girls Nation. Dropping party affiliation, the Senate of the Girls Nation of America unified and worked toward the common goal of making people aware of what problems we feel are important. The best example I can give of this is Dale Edmonds. She was one of the first to congratulate me and when I got in from supper this evening, I found flowers on my bed from her. I think this represents the true Girls Nation spirit. This same spirit is exemplified through the bills we received. Even the bills that were not debated show the ideas and more importantly the ideals of the best young women in these United States. You can make this Girls Nation Experience last as long as you like, although we leave Saturday, you can take back to your state and share what you have learned. Volunteering to speak on your experience here will make others realize that the youth of this country is interested in how we are governed. I would ask that you become involved. If you are not already in the government of your city, county, or even state. Obviously there are things that need to be changed—this was shown by the more than 50 bills submitted for consideration. THAT

IS MORE THAN ONE PER STATE. Just because Girls Nation will be over Saturday, DONT stop THERE. Go back and make your schoolmates understand how you feel. Get them involved. Spread the word and get these bills made into laws. Even the fact that you have been here and that you submitted bills will make our leaders know that you do care and you are ready to fight for what you believe. You will need support. Your constituents at Girls State would be a wonderful nucleus. They are the ones who sent you here. You owe it to them to be involved. Take back the spirit of Girls Nation and go for what you feel is right. No one is going to come up to you and ask "What do you feel should be changed?" No, you need to get out and get involved for yourself.

In two years our nation will be celebrating its 200th anniversary. Many communities are already starting to plan their activities. This would be a good launch pad. If you have state elections in '75, offer to help there. What good was your week at Girls State and your week here if you don't get involved? The whole key to the future of our nation lies in your involvement—our involvement, and our influence in getting others involved. Involvement starts at the grass roots level and, we, the Girls Nation Delegates, are the grass roots.

Thank you!

FORWARD FOREVER, BACKWARDS NEVER, WITHIN OURSELVES OUR FUTURE LIES!

GREETINGS TO THE GIRLS NATION CITIZENS:

How nice it was to have you at Girls Nation 1974. We had looked forward to meeting you and planned for you an interesting, fun-filled and challenging week here at Girls Nation.

Here you were given the opportunity to represent your state—to be a part of the political process of creating your own government and being an important part of the operation of that government.

Only the future years will determine the impact of this week on your lives. Our hope is that this has created a new dimension of understanding of government procedures and that the friendships formed here at Girls Nation have given an enrichment to your life.

JUST ONE MORE SHOT

THERE THE MAN LIES.

Under the sun, the rain, the snow, as the seasons pass. Under the torch that burns, red-and-gold, night and day. Under the grass of Arlington National Cemetery, surrounded by thousands of others who also were alive and young and brave. The faces of the Girls Nation delegates are thoughtful, they are quiet and they are reverent, as they view the grave of John F. Kennedy. The sound of jets drifts across the trees, gaining and losing altitude, as they move into and out of the airport not far away.

The grave of Robert F. Kennedy is near that of his brother. In the background is the Custis-Lee Mansion. The impressive mansion was built by George Washington Parke Custis, the grandson of Martha and the foster son of George Washington.

A VISIT TO THE WHITE HOUSE

A Word About Girls Nation

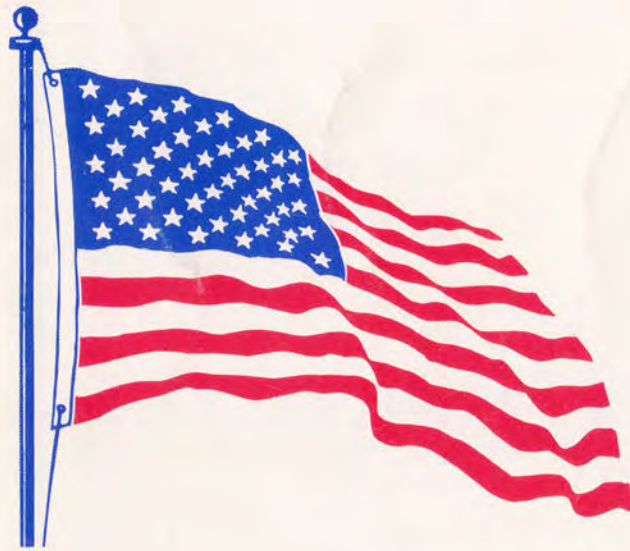

Girls State was organized as a national Americanism activity by the 1937 National Convention of the American Legion Auxiliary. A national committee to direct the program was created by the 1946 National Convention of the Auxiliary.

In 1947, the first Girls Nation with representatives from each Girls State was held in Washington, D. C. 1974 marks the twenty-eighth session of Girls Nation—all held in Washington, D. C. In these twenty-eight years, an approximate 475,000 girls have attended Girls State sessions in all of the states and an approximate 2700 have attended Girls Nation here in Washington.

Girls Nation—as with Girls State—has as its purpose to provide citizenship training for girls of high school age, affording them an opportunity to live together as self-governing citizens; to inform them about the duties, rights and responsibilities of American citizenship, so that they may understand and participate in the functioning of their government; and to help them grasp the meaning of some of the responsibilities which they must assume when they become voting citizens.

All those who have gone before you as citizens of Girls Nation greet you and remind you of these responsibilities. Many of them now have responsibilities positions in government in their own communities, states and in the nation—and ALL of them participate fully as citizens of this great land.

The efforts, investment and interest of one million women who are members of the American Legion Auxiliary are focused here on you, as a citizen of Girls Nation.

Pledge

FOR GOD AND COUNTRY, I Promise

To give unselfish and constructive cooperation;

To share with others the benefits of my experience as a citizen
of Girls Nation;

To participate in the Government of my community, state and
nation, upon reaching my majority;

And, above all, to constantly exemplify the highest type of
Americanism.
